

## SwimMAC Training Center at Charlotte Latin

9850 Providence Rd.  
Charlotte, NC 28277

### Facility Use Policy

SwimMAC is fortunate to have its own facility that is large enough to accommodate several different programs and host competitions. Although the building is ours, the parking areas and surrounding facilities belong to Charlotte Latin School. Coaches, swimmers, and parents are to follow the procedures listed below.

### Drop off/Pick up

Drive slowly and carefully while on the Charlotte Latin campus. Follow the correct flow of traffic through the SwimMAC parking lot and drop off/pick up swimmers at the front entrance of the facility. Parents, please ensure that swimmers stay on the sidewalks and stay off the grass or planted areas. Swimmers may be dropped off 15 minutes before practice starts, but no earlier.

On occasion, Charlotte Latin School will have other activities that will require the use of the parking lot. You will be notified of these days and given directions for drop-off and pick-up. Parking may be limited during such events.

### Facility Access

Enter the facility through the front entrance of the building. Be aware that the other doors are emergency exits. Parents are welcome to watch practice from the viewing room. Younger children should be closely supervised as a courtesy to others and for their own safety. Unsupervised activities outside the facility are not allowed.

### Food and Drinks

Please keep food or drinks (other than a water bottle for training) out of the pool area or locker rooms.

### Locker Rooms

Bathrooms are available in the locker rooms. All swimmers and guests should pick up trash, take all belongings, remove locks and close lockers after use, and ensure showers and faucets are turned completely off.
